

Hello Sailor,

Please find attached our Summer 2019 newsletter in .pdf format. As before if anyone is still unable to read a .pdf please let me know by return and I will send it in its original Windows .docx format.

Unfortunately, probably for the first time, no members have submitted any articles for inclusion.

These submissions are of course what helps make the newsletter interesting reading, so do send in reports of interesting trips, experiences, problems and technical tips for sharing. Assuming we have fixed all our problems on Star, and do not have any new ones (will pigs fly!), I will even run out of things to say, so do please have a think in good time of anything you may wish to include in the Christmas newsletter.

I have included in this newsletter an index of technical articles which I have written over the last few years; a copy of this index is also now on the website.

Don't forget there is the 'Wanted & for Sale' as well as the 'Member's forum' sections of the club website for you to use.

Of course if anyone wants me to mention anything in a newsletter as well, whether a query, or to advertise something, do please let me know.

With the very best wishes for a pleasurable boating summer,

Ingvar Svenson (Commodore).
